

PROTEKT® DASH

32500 | STANDING TRANSFER

The Protekt® Dash is your best choice for fall prevention, reducing caregiver lifting injuries and promoting patient mobility. The Protekt® Dash offers ample weight capacity at 500 lbs. and includes an adjustable base which provides clearance around common obstacles such as recliners allowing access to patients.

- **Dual shin pads for extra support.**
- **Molded seat can be rotated upwards to allow for patient loading.**
- **Cross bar for extra support.**
- **Non-Slip footplate for safety.**
- **Ergonomically designed foot pedal offers hands free opening of base.**
- **Dual rear locking casters.**
- **Simple solution to compliment your electric stand assist lifters.**
- **500 lb. weight capacity.**
- **First choice for any fall prevention program.**
- **Support strap available - attachment hooks for optional side support and back strap.**
